Please find below and/or attached an Office communication concerning this application or proceeding.

DETAILED ACTION

1. This Office Action is in response to applicant's appeal brief filed on July 28, 2005.
2. NOTIFICATION OF NON-COMPLIANCE WITH THE REQUIREMENTS OF 37 CFR 41.37(c)

3. The brief does not contain a statement of the status of all the claims, e.g., rejected, allowed or confirmed, withdrawn, objected to, or canceled, and identification of the claims being appealed as required by 37 CFR 41.37(c)(1)(iii).

The current statement of the claims fails to show the status for claims 2,6 and 51 as cancelled, and claims 14,16-18,39,43-45, and 57-60 as withdrawn.

4. At the Summary of the Claimed Subject Matter section, the applicant incorporate language that has no relation with what is claimed. Paragraphs 1-4 of this section should be deleted since this section is only used to give a summary of what is claimed in the claims, not for what is intend to be used as required by 37 CFR 41.37(c)(1)(v).
5. Each ground of rejection must be treated under a separate heading. For each ground of rejection applying to two or more claims, the claims may be argued separately or as a group. Any claim argued separately should be placed under a subheading identifying the claim by number. A statement, which merely points out what a claim recites, will not be considered an argument for separate patentability of the claim. See 37 CFR 41.37(c)(1)(vii). At the instant, the applicant fails to provide a subheading for each claim that is arguing separately.
6. Also, the brief present the following informality:

Art Unit: 3676

The copy of the appealed claims in the appendix submitted by the applicant is defective because the appendix should only contain a copy of the claims involved in the appeal. Claims 2,614,51, and 57-60 should not be part of the copy. As to claims 16-18,39, and 43-45, these claims were withdrawn from consideration before, therefore, these claims are not involved in the appeal.

7. Appellant is required to comply with provisions of 37 CFR 41.37(c). To avoid dismissal of the appeal, Appellant must comply with the provisions of 37 CFR 41.37(c) within ONE MONTH or THIRTY DAYS, whichever is longer, from the mailing of this communication. Extensions of time may be granted under 37 CFR 1.136.
